This inversion table is a decent piece of equipment. It is sturdy, not hard to assemble and relatively inexpensive compared to similar units. It does feel good on your back, but don't expect to hang upside down very long, it will take some time to get used to the blood rushing to your head which will cut short the time your back has to feel decompressed or stretched out....whatever term you want to use.

## **Amazon.com: Customer reviews: LifeGear Inversion Table**

Prior to going out of business in 2007, Lifegear manufactured nine models of inversion tables. Using an inversion table involves tilting your body at an inverted angle using a specialized teetering table. Lifegear inversion table model no. 75165 was once the now defunct company's best selling model. It is easy to use with a few simple instructions to get started.

Unfortunately, I spent too much money at the chiropractor's office trying to rid myself of lower back pain, but fortunately I found Life Gear's Deluxe Inversion Table. I use my inversion table twice a day, in the morning and in the evening, and after these decompressions sessions, my lower back feels much better.
