Collective Memory and Media - Pegem.Net

Collective memory refers to the shared pool of memories, knowledge and information of a social group that is significantly associated with the group's identity. The English phrase "collective memory" and the equivalent French phrase "la mémoire collective" appeared in the second half of the nineteenth century. The philosopher and sociologist Maurice Halbwachs analyzed and advanced the concept of the collective memory in the book "Les cadres sociaux de la mémoire". Collective ...

Collective memory - Wikipedia

On Media Memory studies media memory from the perspective of collective memory, which is considered as ‘an inherently mediated phenomenon’ (p. 3). While this insight is not new, the book sets out and succeeds to provide refreshing perspectives on the multi-faced and complex nature of media memory, and to pose

On Media Memory. Collective Memory in a New Media Age

Collective memory is a burgeoning topic of research, one that might be used to understand the perspective of people in other groups, whether of a nation or of a political party or other social group.
