Regardless of your industry and products or services, you're buying things to keep your business up and running. When you're not planning your purchases as well as you could be, you not only increase the chance that you're not getting value for money, but you're also risking poor quality goods and subpar customer service from your suppliers. Neglecting to give purchasing the proper attention ...

Sample Procurement Policies & Procedures | PurchaseControl ...

A procurement KPI or metric is a measurable value that tracks all relevant aspects of obtaining or buying goods and services. These KPIs enable the procurement department to control and optimize the quantity, quality, costs, timing and sourcing of purchasing processes.
