from ἀρχι-"chief" and τέκτων "creator") is both the process and the product of planning, designing, and constructing buildings or other structures.

Architectural works, in the material form of buildings, are often perceived as cultural symbols and as works of art.

Since travel to the world's most famous buildings is often restricted at the moment, we thought we'd bring them to you. This architecture can be a great source of inspiration for artists and designers. Through structural shapes, unique design concepts or decorative details, buildings can provide ample inspiration for design projects of all kinds.
